Applicant (Code: SUH001) : Sui Hing Chemical Co Ltd
Flat A & C 3/F B1K A
City Industrial Complex
116-122 Kwok Shui Road
Kwai Chung NT HK

Description of Samples : One submitted sample said to be Advance All Purpose Environmental Cleaner 環保潔全能清潔劑.
Item No.: AD400
Country of Origin : HK

Date Samples Received : 2007-03-30

Date Tested : 2007-04-10 to 2007-04-11

Investigation Requested : Evaluation for the effect of a detergent caused on terrazzo

Method Used :

1. Divide the submitted terrazzo into 2 portions by marking and then weight for the initial mass
2. Dilute the submitted detergent according to its recommended dilution (1:2)
3. Immerse 1 portion of the terrazzo in the prepared detergent solution for 1 hour
4. Rinse the treated terrazzo with running tap water for 1 minute and air-dried
5. Make observation on the treated terrazzo for difference in weight, general appearance including gloss, colour change, blistering, peeling off of the surface

Conclusions : The terrazzo showed no difference before and after immersed into the 1:2 dilution of "Advance All Purpose Environmental Cleaner 環保潔全能清潔劑". There was no loss in gloss, colour change, blistering and peeling off of the surface. The mass of the tested terrazzo remained the same weight.
